PROFILE

Results-driven Digital Marketing and Software Engineering professional who blends creative content strategy with front-end development to build engaging, high-performing digital experiences. Skilled in social media strategy, content creation, SEO, email and paid campaigns, and responsive web development with React; adept at using analytics to optimize engagement and conversions. Currently studying Cyber Security at Zetech University and developing practical skills in network security, vulnerability assessment, secure web development, and risk management to integrate security best practices into marketing and product workflows.

WORK EXPERIENCE

Valeria Villas

2025 - PRESENT

Digital Marketer, Social Media Manager

- Plan and execute end-to-end digital marketing strategies across social media, web, and campaigns
- Manage social media platforms (Instagram, LinkedIn, Facebook, Tiktok, X), including content planning, posting, and audience engagement
- Create compelling copy and visual content to strengthen brand identity and drive engagement
- Implement SEO strategies including keyword research, on-page optimization, and content structuring to improve website visibility
- Support and execute email marketing campaigns and digital promotions
- Contribute to paid marketing efforts (Meta Ads / Google Ads) including content and audience targeting

Pixel Bloom

2024- 2025

Web Developer

- Developed responsive websites using React and modern frontend tools
- Collaborated with marketing teams to align website structure with campaign goals
- Improved website performance and user experience for better engagement
- Assisted in integrating marketing tools and analytics tracking

Siwel Design Studio

2024- 2025

Marketing Manager & Specialist

- Planned and executed social media content strategies across Instagram, LinkedIn, and Facebook
- Created engaging captions, campaigns, and visual storytelling content to drive brand awareness
- Managed consistent posting schedules and audience engagement
- Contributed to website content and updates to improve user experience and conversions
- Tracked performance metrics and adjusted strategies based on engagement insights
